

# Cardinal Stadium Walkway

## Bringing Back the Original 1952 Field House Bricks *Limited Number of Bricks Available*

The original Clinton High School fieldhouse was built in 1952. It was torn down in 2014 to make space for the new and improved Cardinal Stadium and fieldhouse. Bricks were saved from the original fieldhouse to preserve a bit of history. The bricks have been placed at the entrance of the stadium in the shape of a "C." You have an opportunity to personalize one of the bricks for \$125. Use the form below to choose your personalized message. Sales from the bricks will pay for the project with all proceeds to the CHS Alumni Association for their scholarship fund.

**447 Bricks Available**
